APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing appli-
cation, and do hereby grant the same, subject to the following lim-
itations and conditions:
This permit is issued subject to all prior rights on the stream
system of which this source is tributary and is for flood and surplus
water only. A standard headgate and weir must be installed at or near
the point of diversion to facilitate the measurement and control of
water. The State reserves the right to regulate the use of the water
herein granted at all times. The amount of water to be appropriated shall be limited to the
amount which can be applied to beneficial use, and not to exceed
Three & 2/10 cubic feet per second. (3.2)
Actual construction work shall begin on or before March 30, 1916.
Proof of commencement of work shall be filed before April 30, 1916.
Work must be prosecuted with reasonable diligence and be completed
on or before May 30, 1916.
Application of water to beneficial use shall be made on or before
Rebruary 28, 1921. Proof of the application of water to beneficial
use must be filed with State Engineer on or before March 28, 1921.
Map filed FE 26 1916 WITNESS MY HAND AND SEAL this 30th day Proof of labor filed MAY 28 1917
of August, 1915.
Froof of completion of work AFR 22 1920

Filing of further proofs under this permit abrogated by reason on approval of Permit No. 4480.
